This quarterly conference should send its delegates instructed.

NUMBER 35.

Commissioners' Court Proposes \$60,000 Bond Issue For Bridges and Culverts; Election Is Called Monday, March 16th.

The Commissioners Court of Coffee County at its meeting last week, unanimously passed resolutions proposing a bond issue of \$60,000 for the purpose of building new Steel or Iron bridges and concrete culverts on the highways of the county. The proposed bonds are to run for twenty years and are to bear interest at the rate of 5 per cent per annum. An election has been called for Monday, March 16, 1925, for the purpose of ascertaining the wishes of the people, in regard to the proposed bonds. Every citizen of the county has the right to express by his ballot his desire in the matter of this bond issue.

We publish below the resolutions passed by the court in regard to the matter, also a statement of why the bond issue is proposed, which is self-explanatory:

Bridge Bond Resolution.
The Court of County Commissioners of Coffee County, Ala., met in regular and adjourned session at the Court House in Elba, Alabama, on Wednesday, February 13th, 1925, there being present J. A. Canby, Judge of Probate, and principal Judge, and Commissioners W. H. Ward, J. C. Donaldson, Mace Kyser and J. J. Moore.

W. H. Ward moved the adoption of the following resolution, which motion was duly seconded by J. J. Moore, and which resolution and preamble are as follows:

Whereas, Coffee County is in great need of permanent bridges which can only be constructed by steel and concrete materials; and, Whereas it is the judgment of the members of the Court that it will be most economical to construct in the County steel bridges across the larger streams, and to construct concrete culverts upon the graded and permanent roads being built and to be constructed in the future, and that the indebtedness incurred in the construction of such bridges and culverts can be paid by the issue of bonds; and, that the construction and maintenance of such bridges and culverts will mean a great saving in expenses to the County during many years to come; Therefore, be it resolved that the County shall issue \$60,000 (or such amount as may be necessary, not exceeding \$60,000) 20 year, 5 per cent bonds, to be designated Bridge and Culvert Bonds, for the purpose only of constructing Steel or Iron bridges and concrete culverts upon the highways of Coffee County, Alabama.

That it is further resolved that said bonds shall be dated April 1, 1925, and shall bear interest at the rate of 5 per cent per annum, interest payable semi-annually, and that the principal shall be payable annually in sums of \$3,000 annually; that is, \$3,000 shall be set aside a year for the retirement of 8 bonds in denomination of \$1,000 a bond, said interest and principal to be payable in New York City, as a sinking fund, and in gold coin of the present weight and fineness. That so much of the Road and Bridge funds of the County shall be set aside as may be necessary to pay the semi-annual installments of interest on said bonds, and the sum of \$3,000 a year of the principal for the period of twenty-years from the date of issue.

That it is further resolved that an election shall be held in the County of Coffee, State of Alabama, on March 16, 1925, which date is hereby set for this election to be held for an outstanding warrant.

The members of the Court of County Commissioners wish to state to the people of the County that they were influenced by the following considerations in the matter of proposing this bond issue:

1. The exhaustion of the supply of bridge lumber and the consequent high prices of good bridge lumber. The rapid shipment of lumber from the County renders it very difficult to obtain the necessary supply of lumber for necessary bridges.

2. The recent flood disaster makes it necessary to rebuild many bridges in the County at an early date, and this expense cannot be borne without heavy taxation.

3. The fact that the County is in a position to build bridges and culverts will be good even after full payment has been made of the bonds. Some iron bridges in the County which were built over 25 years ago are still in good shape and annually save the County expenses of rebuilding.

4. If the people think well of this proposition, they are asked to vote in favor of the proposed issue on March 16th, 1925.

Respectfully,
J. A. Canby,
Judge of Probate.

WELL KNOWN CITIZEN, MR. JOHN WYROSODICK, DIED LAST SATURDAY.

Mr. John Wyrosodick, well known Coffee county citizen died at his home a few miles above town on last Saturday morning, following an illness of only a few weeks duration. He was nearly 70 years of age, and until about a year ago had always enjoyed the very best of health. He was confined to his bed only about six weeks before death came.

Mr. Wyrosodick was a good man, held in high esteem by those who knew him and news of his death was received with much regret. The funeral services were conducted by Rev. T. W. McKnight on Sunday morning, and the body was laid to rest at Pleasant Ridge cemetery.

Mr. Wyrosodick is survived by his wife and the following children: A. B. Wyrosodick, of Newnan, Ga., J. A. Wyrosodick, of Ellaville, Ga., Mrs. Willie DuBose, of Columbus, Ga., Mrs. E. C. Moore, of Kingston, J. H. Wyrosodick, of Samson, Ala., W. and J. G. Wyrosodick, both of Elba.

Mr. and Mrs. Edmund Hudson have moved into the E. W. Taylor home. The people on Buford street are glad to have this splendid family in their midst.

Mr. and Mrs. Jordan Lindsey visited relatives at Seagrave, Fla., the first of the week.

Indebtedness which would necessarily result in affecting the credit of the County.

3. The interest on the bonded debt will be much less than the cost to the county of maintaining wooden bridges during the twenty years, and expense has shown that steel bridges are the most economical to the County.

4. The Road and Bridge Funds of the County will take care of the principal and interest payments each year and leave a surplus to take care of the small bridges and to aid in road building and maintenance.

5. The interest on \$60,000 for the first year will be \$3,000. By paying or retiring \$3,000 of the principal a year, the interest payments will be decreased each year. The second year the interest will be \$2,850. The third year \$2,700; the fourth year \$2,550, and so on \$150 less each year until the 20th year the interest installment will be \$150. This is the plan proposed by the County Commissioners, which will retire all the bonds in twenty years. The bridges and culverts will be good even after full payment has been made of the bonds.

BRIEF ILLNESS IS FATAL TO JOHN Q. ADAMS, EDITOR OF OZARK.

Ozark, Ala., Feb. 16.—John Q. Adams, editor and proprietor of the Ozark Star, register in chancery of Dale County, assistant clerk of the Alabama house of representatives, and one of Dale county's most prominent and beloved citizens, died at his home here Monday evening at 8:25 o'clock, after an illness extending over a period of only a week. He was 47 years of age.

Several days ago, Mr. Adams' illness reached a critical stage, but late Monday afternoon his condition seemed to have taken a turn for the better and it was hoped he might recover. Some time later, however, he grew worse and his strength dwindled away until the end came.

For more than a decade, Mr. Adams had served as assistant clerk of the house of representatives at each successive session of the Alabama legislature. Partly on account of this fact and partly through his newspaper work, he was personally acquainted with practically every Alabamian of prominence, and to him was vouchsafed a circle of friends which in numbers and extent, is enjoyed by few men.

He is survived by his widow, three sons, Jesse B. Adams, John Q. Adams, Jr., and William Adams, all of Ozark; his mother, Mrs. Joseph A. Adams of Ozark; one sister, Mrs. Frank Howell, also of Ozark, and one brother, Jesse C. Adams, of Montgomery.

Funeral services will be held from the residence, Monday morning, at 10:00 o'clock.

MR. PULLIAM'S FATHER DIES IN PENSACOLA.

It was not generally known here that the elder Mr. Pulliam had died until the first of last week to the fact that Mr. L. K. Pulliam died at the time and was confined to his room for several days. The following clipping from the Pensacola News tells of the funeral and burial services:

"The funeral of J. D. Pulliam, of Plant City, who died at the home of his son, C. W. Pulliam, 157 North Palafox street, Friday afternoon, will be held from the residence this morning at 3:00 o'clock.

Services will be conducted by Rev. C. C. Daniel, of the First Methodist church. Burial will be made in St. John's cemetery.

The deceased is survived by two sons, Guy W. Pulliam, of Pensacola and L. K. Pulliam, of Elba, Ala.; two sisters, Mrs. F. E. Carpenter and Mrs. Nellie Williams; two brothers, Ed and Dudley Pulliam, of Polono, Ill.

"Mr. Pulliam was a native of Illinois and had been a resident of Louisville, Ky., for many years, before coming to Florida, where he had resided for the past ten years. He had been a member of the order of Odd Fellows for the past 35 years.

Liberty News

The new year has come and is swiftly passing on, and you see time nor tide wait for no one. The farmers are busy trying to prepare the soil for another crop, but weather conditions are kinder bad and very little has been done, and what has, would have been better left undone, or some of it at least. Mr. Farmer when you plow your land too wet you hurt yourself and land, so quit it. Use a little good horse sense.

Lot of flu here now, and some families all "flew" at once. It has almost stopped the schools, but we hope every thing will soon be alright.

Last Thursday we were all shocked at the death of Uncle Bennie Martin, Sr., who has been living here for nearly twenty years. He had made many friends here. His life had been so quiet and sweet till every one loved him. He had always been very active and up and going. Though he had a good home and plenty he never ceased working. He was nearing his eighty-eighth year, and was in the struggle of the Sixties with the South's forces. Oh, how fast they are passing on. I often wonder who will be the last one to go. I do not think we really love those old heroes as we should. Saturday morning a large crowd of friends and relatives carried the remains back to his old home for interment, and laid him beside his companion at Tallassee, Ala. We join with friends in extending sympathy to the loved ones in their sad loss.

We are glad that Mrs. Curtis Kendrick, who has been quite sick with pneumonia, is able to be up again.

We regret to say that Mrs. Giles Bryan, who has been confined to her bed so long, is not doing so well at present.

Sunday School moving on very nicely. Good interest is being taken, though not so many attend as did, but guess we will all do better after awhile. Let's all be busy.

Practical Nurse Tells

Mrs. N. E. Snow, of Route 1, near Paris, Tenn., tells the story of her experience as follows:

"I am 42 years old and I have been a practical nurse for more than 20 years, taking mostly maternity cases. One of my daughters suffered from cramping at . . . she would just bend double and have to go to bed."

GARDUI

The Woman's Tonic

was recommended to her and she only had to take about two bottles, when she hardly knew that it was . . . she suffered so little pain.

"My youngest daughter . . . was down, weak and nervous, and looked like she didn't have a bit of blood left—just a walking skeleton, no appetite and tired all the time."

"I gave her two bottles of Gardui. It built her up and she began eating and soon gained in weight and has been so well since."

Gardui, the Woman's Tonic, has helped suffering women for over forty years. Try it.

PAGE 1—TWELVE SOUTHERN STATES.

This is a true Map of Dixie showing the twelve Southern States completely. It shows the Automobile roads, the best roads being indicated by a heavy red line, the second class roads by a lighter red line and the third class roads by a still lighter red line. You can easily see what a wonderful advantage this will be to you when taking a trip. In other ways the map is complete in every detail. It shows all the small towns—the railroads—the experiment stations and the agricultural colleges with a blue ring around each. It is handsomely printed in four colors and is just the map you should have hanging on your wall for ready reference.

PAGE 2—TOWNS, CITIES, OTHER INFORMATION.

This page gives a complete list of towns and cities with the population and the key so that you can easily locate any town you wish. This page also contains an editorial, alphabetically arranged, telling about the work each experiment station shown on the map is doing to help you.

DEATH OF MRS. GEORGIAN NOBLES.

The death angel visited the home of Mr. W. M. Nobles on last Thursday taking from this world to a home eternal and in the Heavens, his beloved wife, Mrs. Georgian Nobles. She was stricken with paralysis on Tuesday night and lingered for about two days, but did not regain consciousness, and the end came early Thursday A. M.

Mrs. Nobles' maiden name was Stephens. She was born March 7, 1860, and grew up to be loved and honored by her many friends as a young lady.

She met, admired and married her life companion on November 18, 1879. To this union were born seven children, three boys and four girls. Two of the children have preceded the mother to the grave, having died while young. There are now living two boys and three girls, namely: W. Y. and J. C. Nobles, of Kinston; Mrs. Mae Rhoades and Mrs. Victoria Davis, of Kinston; Mrs. Nannie Hataway, of Mississippi. All were present at the burial except the latter named.

It had been known for some time by relatives and close friends that her health was not very great but she came as a very great shock to all. There was not anything spared in the way of medical attention, careful nursing, or friendly encouragement that could be made of.

Written by request of the family.

I do not think, so let's all count our blessings instead of grumbling always about the ways of providence.

Less Acreage to Cotton And More to Feed And Food Crops Is Suggestion of Agent: Good Advice Given to Boys of Cotton Club

Ten acres to the plow is the latest acreage that should be planted to cotton this coming season in Coffee County. Corn, peanuts, syrup, potatoes and plenty of velvet beans should be grown in abundance this year, since there is a tendency to plant everything in cotton. From the present outlook, sweet potatoes will be as high next year as the choicest Florida oranges are now, and molasses will sell for a nickel a bushel and a very small crop at that. The outlook for peanut prices are brighter for next market season, and when everybody is planting the flower gardens and front yards in cotton this spring, suppose you use a little discretion and cut your acreage to the bone, fertilize twice as high as you have ever before, prepare to cultivate well and fast, fight the weevil, and we believe that you will be safe from the howling winds of a possible adverse cotton season, and your credit maintained.

IN MEMORY OF PENN BOYD

It is profound sorrow that I attempt to do honor to the memory of the late Penn Boyd, who has just "passed over." When I last laid him good-bye I did not expect it to be a long farewell and that I would not see his open face again. I mourn him not only as a fellow kinsman but as a Southern gentleman of high rank. To me he was the embodiment of the true meaning of the expression, "a good man." Notwithstanding the infirmities which his advanced age had brought him, his intellect was as brilliant, his judgment as keen, as that of a man much younger. Old age touched him but gently, and he died before his mind was impaired or his physical infirmities became his master.

As a good man he has written his virtues in the hearts of his friends. The love and confidence of the people that knew him is attested by the fact that he continuously served them until he was called, as all faithful men are, to service above, and by this act has unconsciously showed his virtues to his friends.

As a good man he has written his virtues in the hearts of his friends. The love and confidence of the people that knew him is attested by the fact that he continuously served them until he was called, as all faithful men are, to service above, and by this act has unconsciously showed his virtues to his friends.

Old age touched him but gently, and he died before his mind was impaired or his physical infirmities became his master.

Less Acreage to Cotton And More to Feed And Food Crops Is Suggestion of Agent: Good Advice Given to Boys of Cotton Club

Ten acres to the plow is the latest acreage that should be planted to cotton this coming season in Coffee County. Corn, peanuts, syrup, potatoes and plenty of velvet beans should be grown in abundance this year, since there is a tendency to plant everything in cotton. From the present outlook, sweet potatoes will be as high next year as the choicest Florida oranges are now, and molasses will sell for a nickel a bushel and a very small crop at that. The outlook for peanut prices are brighter for next market season, and when everybody is planting the flower gardens and front yards in cotton this spring, suppose you use a little discretion and cut your acreage to the bone, fertilize twice as high as you have ever before, prepare to cultivate well and fast, fight the weevil, and we believe that you will be safe from the howling winds of a possible adverse cotton season, and your credit maintained.

IN MEMORY OF PENN BOYD

It is profound sorrow that I attempt to do honor to the memory of the late Penn Boyd, who has just "passed over." When I last laid him good-bye I did not expect it to be a long farewell and that I would not see his open face again. I mourn him not only as a fellow kinsman but as a Southern gentleman of high rank. To me he was the embodiment of the true meaning of the expression, "a good man." Notwithstanding the infirmities which his advanced age had brought him, his intellect was as brilliant, his judgment as keen, as that of a man much younger. Old age touched him but gently, and he died before his mind was impaired or his physical infirmities became his master.

As a good man he has written his virtues in the hearts of his friends. The love and confidence of the people that knew him is attested by the fact that he continuously served them until he was called, as all faithful men are, to service above, and by this act has unconsciously showed his virtues to his friends.
